

SAHYADRI
COLLEGE OF ENGINEERING & MANAGEMENT

THE **VARIOUS** COMPETITIVE
ACHIEVEMENTS OF

FIRST YEAR STUDENTS

ACADEMIC YEAR 20**17-18**

460 STUDENTS

participated in IIT and NIT events

50+ PRIZES

in National and International events

SPECIAL RECOGNITIONS

in international events
for exceptional designing

**SAHYADRI IS NOT JUST A
CENTRE OF STUDIES,
IT IS A TEMPLE OF
LEARNING**

**AERIAL VIEW OF
SAHYADRI CAMPUS**

About Sahyadri

The college is affiliated to Visveswaraya Technological University, Belgaum and is approved by the Government of Karnataka, All India Council of Technical Education- AICTE, New Delhi, Ministry of HRD, Govt. of India. It has been accredited "A" Grade by National Assessment and Accreditation Committee (NAAC).

The success of the college must be credited to the excellent academic results year after year. The college is unique and is one among the few who can take pride in having a dedicated department for researching, analysing and developing effective methods of imparting quality education. Learning at Sahyadri happens in a project-oriented setting with an environment for students to work in groups. This enhances communication, collaboration and teamwork skills without compromising initiative, creativity and personal responsibility.

Manjunath Bhandary

M.Phil., Ph.D.

Manjunath Bhandary, President of Sahyadri College of Engineering and Management, a visionary, an academician envisions engineers to be visionaries. He urges students to be problem solvers and to be a change for better India. As a leader, he leads the Sahyadri family in motivating the students to become job creators rather than job seekers.

From his diverse exposure from various countries & Universities like MIT, Stanford, Harvard etc., he aims at bringing social reforms through education and is constantly involved in implementing innovative and unique initiatives in the curriculum, enabling students to think and act like engineers from day 1 of the college.

PREAMBLE

Majority of the students aspire to get into premier institutes like IIT'S and NIT's. With competition being so high and seats being limited, only few could make up for it. For many, this only remains as a dream and shall hinder them in accepting the institution with all their hearts. With resources in abundance and quality at its peak, there was a need to somehow learn the culture and collaboratively work with the minds of these top institutes. Thus the decision of participating in the events organised at I IT's and NIT's was taken, which serves as a medium to enrich the experience of the students and give them an exposure to the best practices undertaken at the top institutes

These platforms also boost the confidence of the students and make them feel they can achieve their dreams even at an institution as Sahyadri College of Engineering and Management. The students are sent with a task of making friends at these top institutes, learn their culture and enjoy the ambience that is available. A big question arose as to who will guide these students. Thus two launch pads DREAMERS and Challengers were initiated. Right from the selection of people in a team to de-coding a problem statement and building a prototype of it, both the launch pads support the young minds with all their hearts.

MENTOR

Johnson Tellis
Asst Professor
Innovation and Entrepreneurship
MS Artificial Intelligence
MIPT, Russia

We believe, national and international events are such platforms where students of different mindsets, potentials, caliber come together to share their experiences, knowledge and opportunities. These events also serve as a driving force for young minds to explore what would have seen to be impossible otherwise. Its also an opportunity for students to collaboratively work from different locations on an idea or seek help on different real time problems faced by the society.

IIT DELHI

- Established in 1961, with a vision to contribute to India and the world through excellence in scientific and technical education and research, to serve as a valuable resource for industry and society and to remain a source of pride for all Indians was formally inaugurated August 1961 by Prof. Humayun Kabir, Minister of Scientific Research & Cultural Affairs. First admissions were made in 1961
- Tryst is the annual technical festival of the Indian Institute of Technology Delhi, held in February and March. The festival is the largest technical fest of North India with a huge footfall of more than 45,000 people around the globe.

ACHIEVEMENTS

- Secured second place in robo tag
- Top 5 ranking in rescue rangers
- Secured 3rd position in Mind maze
- Secured 4th place in Robo Race

IIT HYDERABAD

- The Indian Institute of Technology Hyderabad (IIT Hyderabad, IITH) is a public engineering and research institution located in Sangareddy district, Telangana, India. IIT Hyderabad began functioning on 18 August 2008 and is one of the eight young Indian Institutes of Technology (IITs)[1] established by the Ministry of Human Resource Development, Government of India under the Institutes of Technology (Amendment) Act, 2011.
- Elan & rvision, the most anticipated and grandiose festival of IIT Hyderabad, is back with a conglomerate of splendiferous events to galvanize the mob. Since inception, its fervid tendrils have touched the hearts of every adroit organiser and participant leaving a legacy to be upheld by its family of dedicated students.

ACHIEVEMENTS

- Secured 2nd place in Line Follower
- Finalists in Maze following
- Top 5 ranking in Death race

IIT BHUBANESHWAR

- Indian Institute of Technology Bhubaneswar (IIT Bhubaneswar or IIT BBS) is a public engineering institution established by the government of India in 2008, located at Bhubaneswar, Odisha, India. It is one of the eight new Indian Institutes of Technology (IITs) established by the Ministry of Human Resource Development, Government of India under The Institutes of Technology (Amendment) Act, 2011 which establishes the eight new IITs as well as declares IT-BHU as Indian Institute of Technology
- Wissenaire 2018 IIT Bhubaneswar TechnoManagement Fest 2018: Wissenaire is the annual techno-management festival of Indian Institute of Technology Bhubaneswar held in the Arugul, permanent campus of IIT Bhubaneswar.

ACHIEVEMENTS

- Secured 1st in Pick and place Bot
- Secured 1st in Water Rocket
- Secured 2nd in Lanwars

IIT KHARAGPUR

- The Indian Institute of Technology Kharagpur (IIT Kharagpur or IIT KGP) is a public engineering institution established by the government of India in 1951. It was the first of the IITs to be established, and is recognized as an Institute of National Importance by the Government of India.

- Kshitij is the annual techno-management fest of IIT Kharagpur, one of India's premier technical institutions. Started in 2004, Kshitij was conceived with the aim to provide the technically inclined youth a national-level platform, where their talent and expertise would be recognized and rewarded. Having grown exponentially since its nascent years, Kshitij receives overwhelming participation from the student community all over the world.

ACHIEVEMENTS

- Embetronix-secured 5th position out of 140 teams
- Secured 2nd position in Line follower
- Sand Rover- secured 9th position out of 132 teams
- Secured 9th position out of 30 teams in Stax.
- For all, team IGNIS were awarded with the Special
- Mention Award of Kshitij 2018 for best robot design and are the 4th team of SAHYADRI in IIT KGP's history to get this award
- Team Ignis is now recorded in IIT Kharagpur's yearly magazine

IIIT JABALPUR

- Indian Institute of Information Technology, Design and Manufacturing, Jabalpur (IIITDM Jabalpur), also known as Pandit Dwarka Prasad Mishra Indian Institute of Information Technology, Design and Manufacturing,[2] is an Indian Institute of Information Technology in Jabalpur, Madhya Pradesh, India that focuses on Information Technology enabled Design and Manufacturing. It was declared to be Institute of National Importance by Government of India under IIIT Act
- ABHIKALPAN is the annual technical fest of IIITDM Jabalpur, an institute which boasts of technical superiority and innovation in what it builds. It's central India's biggest technical extravaganza for creating, nurturing and fueling one's interest in various domains of computer science, robotics, electronics, gaming and design. In conjunction with the various technical events, various informal events keep the fest alive. The events that invite the footfall of thousands include Robowar, Circuit master, Brand presentation, Astronomy quiz amongst others.

ACHIEVEMENTS

- Secured 3rd position in Mine Field Escape
- Secured 3rd position in Hovercraft
- Top 10 in Line and wall following

IIT MADRAS

- Indian Institute of Technology Madras is one among the foremost institutes of national importance in higher technological education, basic and applied research. In 1956, the German Government offered technical assistance for establishing an institute of higher education in engineering in India. The first Indo-German agreement in Bonn, West Germany for the establishment of the Indian Institute of Technology at Madras was signed in 1959.
- Shastra is the annual technical festival of IIT Madras. It is the first completely student run ISO 9001:2008 certified technical festival of the country. Be there this January to experience the future of technology in this world.

@IIT MADRAS

ACHIEVEMENTS

- Finalists in Manoeuvre robot competition
- Top 10 qualifying team in Death race.
- Participated in Manual Robotics

IIT BOMBAY

- The Indian Institute of Technology Bombay (abbreviated IITB or IIT Bombay) is a public engineering institution located at Powai, Mumbai, India. It is the second-oldest (after Indian Institute of Technology Kharagpur) institute of the Indian Institutes of Technology system
- Started in 1998 with the motive of encouraging technology, scientific thinking and innovation, Techfest is now recognised as Asia's largest Science and Technology festival with a footfall of more than 1,60,000 annually and a reach of over 2500+ Indian colleges and over 500+ colleges abroad.

@IIT BOMBAY

ACHIEVEMENTS

- **Semi-Finalists in Line follower**
- **Participated in Vice clutch.. Top 20 qualifying team.**

IIT GUWAHATI

- Indian Institute of Technology Guwahati (IIT Guwahati, IITG) is a public institution established by the Government of India, located in Guwahati, in the state of Assam in India. It is the sixth Indian Institute of Technology established in India. IIT Guwahati is officially recognised as an Institute of National Importance by the government of India.[4][5]
- Alcheringa is the annual cultural festival of Indian Institute of Technology (IIT), Guwahati. Started in 1996 by a group of students of IIT Guwahati, Alcheringa has now become one of the biggest college level cultural events in Asia. Spread over 3 days and 4 nights, Alcheringa attracts people from all over the world with its spectacular events and competitions.

@IIT GUWAHATI

ACHIEVEMENTS

- Participated in Vice Clutch and Meshmerize

NIT BHOPAL

- Maulana Azad National Institute of Technology (MANIT Bhopal), also known as National Institute of Technology, Bhopal (NIT Bhopal, NIT-B), formerly Maulana Azad College of Technology (MACT) and Regional Engineering College Bhopal, is an Institute of National Importance under the NIT Act in Bhopal, Madhya Pradesh, India.
- Technosearch'17 is organized by MANIT Bhopal Students. It's one of Central India's Largest Technical Festival.

ACHIEVEMENTS

- Secured 1st position in Hovercraft competition
- Secured 1st position in Water propelled jet
- Secured 3rd position in Line following competition
- Semi-Finalists in Robo-Race

NIT KURUKSHETRA

- National Institute of Technology, Kurukshetra (NIT Kurukshetra) is a public engineering institute located in Kurukshetra. In December 2008, it was accredited with the status of Institute of National Importance (INI). It is one of the 30 National Institutes of Technology established and administered by Government of India.
- Techspardha is the Techno-managerial festival of nit Kurukshetra which started in 1995 as "Technospect" (later changed to Literati). It has a variety of events (60+) ranging from Technical Paper Presentations, Robotics, Software Development, Aero-modelling, quizzes to managerial events like Debates, Advertising etc.

ACHIEVEMENTS

- Secured 2nd position in Micro Explorer
- Secured 1st place in Team mania
- Finalists in Line follower

NIT GOA

- The National Institute of Technology Goa (NITGoa) is a premier technical Institute of the region. NITGoa was established in the year 2010 by an act of parliament (NIT act 2007) and it is declared as 'Institute of National Importance'.
- Saavyas 2018 is to be the first edition of annual techno-cultural fest of National Institute of Technology, Goa . It would be a three day event involving technical, music, arts, dance, drama enthusiasts from all over the country through competitions and performances. Saavyas is a perfect platform to showcase the talents to a wider audience and develop their soft skills, which is very vital in today's generation. Saavyas is a perfect festival to bring both technology and culture on one platform.

@NIT GOA

ACHIEVEMENTS

- Secured 3rd position in Robo Race
- Semi-finalists in Robo Soccer
- Top 10 teams to qualify in Line follower

NIT ROURKELA

- NIT Rourkela has been placed within 401-500 in Times World University rankings for higher education under "Engineering and Technology" category. Among Indian institutions under this category, NIT Rourkela has secured 10th place. Moreover, NIT Rourkela is the only NIT, that has secured a place in this list
- Innovision is the annual techno-management fest of NIT Rourkela, and the largest of its kind in eastern India. It is organised in association with Technical Society of Student Activity Centre, NIT Rourkela.

ACHIEVEMENTS

- Secured 2nd position in Dizitizer
- Secured 2nd position in Line following race
- Secured 3rd position in Bridge building showdown
- Finalists of Death Race

NITK SURATHKAL

- National Institute of Technology Karnataka (NITK), formerly known as Karnataka Regional Engineering College (KREC), also known as NIT Surathkal, is a public engineering university at Surathkal, Mangalore. It was founded in 1960 as KREC while today, it is one of the 31 National Institutes of Technology in India and is recognised as an Institute of National Importance by the Government of India.
- Engineer is the Annual Technical Symposium of NITK Surathkal and is one of the largest of its kind in India. Started in 2005 as an amalgamation of many technical fests held in NITK Surathkal by its various student clubs, Engineer has grown in leaps and bounds over the years. It is held over 4 days in the second half of the month of October and has consistently attracted participants from all over India. A Penrose Triangle is used as its logo with the tagline 'Think.Create.Engineer'.

ACHIEVEMENTS

- Secured 1st Place in Automata Image Processing Competition
- Secured 2nd place in Line follower competition
- Finalists in Robo Racing

BITS GOA

- Birla Institute of Technology & Science, Pilani (shortened BITS Pilani or BITS) is an Indian institute of higher education and a deemed university under Section 3 of the UGC Act 1956.[12] The university has 15 academic departments, and focuses primarily on undergraduate education in engineering and the sciences and on its management programme
- APOGEE is the annual, international technical festival of BITS Pilani. This will be the 36th edition of this technological symposium and shall be hosted in BITS Pilani

ACHIEVEMENTS

- Secured 5th place in Law follower
- Qualified as Finalists in Paper Presentation competition
- Semi-Finalists in Robo Sumo

BITS PILANI

- Birla Institute of Technology & Science, Pilani (shortened BITS Pilani or BITS) is an Indian institute of higher education and a deemed university under Section 3 of the UGC Act 1956.[12] The university has 15 academic departments, and focuses primarily on undergraduate education in engineering and the sciences and on its management programme
- APOGEE is the annual, international technical festival of BITS Pilani. This will be the 36th edition of this technological symposium and shall be hosted in BITS Pilani

ACHIEVEMENTS

- Secured 1st position in Dual Mode amphibious bot race
- Qualified for Semi Finals in Robo Soccer.
- Top 10 Qualifying team for Death Race

IIT GANDHINAGAR

- Indian Institute of Technology Gandhinagar (also known as IIT Gandhinagar or IITGN) is a public engineering institution located in Gandhinagar, Gujarat, India. It has been declared to be an Institute of National Importance by the Government of India
- Amalthea event is Concept to Creation. The theme of this year focuses on the myriad trail of development, from conception of ideas to their eventual manifestation in our lives. It shall encompass new technical ideas, innovations and scientific developments which have the potential to make great impacts on our lives in the years to come along

ACHIEVEMENTS

- Secured 2nd place in Robo Quest
- Qualified for Semi Finals in Bridge Building competition
- Semifinalists in Line following

NIT SIKKIM

- The National Institute of Technology Sikkim, commonly referred to as NIT Sikkim or NIT SKM, is a public engineering institution near the city of Ravangla in Sikkim, India. It is one of the 31 National Institutes of Technology in India and has been declared as an Institute of National Importance by the Government of India.

@NIT SIKKIM

ACHIEVEMENTS

- Secured 1st position in Line follower
- Secured 1st place in Hydraulic Arm Pick and place competition.

NIT HAMIRPUR

- The National Institute of Technology Hamirpur (abbreviated as NIT Hamirpur or NITH) is a public engineering college located in Hamirpur, Himachal Pradesh, India. It is one of the thirty one National Institutes of Technology established, administered and funded by MHRD. NIT Hamirpur offers a comprehensive curriculum for undergraduate, graduate and doctorate studies in various fields of Architecture, engineering, pure sciences and humanities
- Nimbus is annual techfest of NIT HAMIRPUR. Here many events, exhibition, presentation, guest lectures are done. And last day some cultural events are also organised.

ACHIEVEMENTS

- Secured 1st and 2nd position in Robot Day out
- Secured 2nd prize in Hovercraft
- Secured 3rd position in IIT Mandi IPL Auction
- Secured 1st Position in Chemcar
- Secured 1st Position in Mancala Competition
- Secured 2nd prize in Domus esparanto
- Secured 1st position in Robo hammer
- Secured 1st position in War pump
- Secured 1st position in Rocketile

ACHIEVEMENTS

- Secured 1st Position in Hurdle Rush
- Secured 3rd position in Robo Race
- Secured 3rd position in Line Follower
- Secured 3rd Position in Junkyard wars
- Secured 4th position Astronomy Quiz

@NIT CALICUT

ACHIEVEMENTS

- Secured 1st Position in Albatrouzz
- Secured 3rd Position in Mindkart
- Participated in Albatross, Death race, Aqua GT, Dirt race, Amazed, League of Machines, Hack-a-holic, The Debugger, Transpoter, Sky Scrapers, Bob the builder, MindKraft, Aqua Strike.

ACHIEVEMENTS

- **Participated in SAE Aeromodelling California**
- **Secured 6th place in Payload Lifting.**
- **Secured 7th place in Oral Presentation worldwide**
- **Secured an overall rank of 9 in the event**
- **Participated in SAE Aeromodelling Florida**

Dreamers

A startup initiated with an intention to bring out creativity and innovation in every individual and transform the nation into a place where true purpose of education is served. We are a conglomeration of enthusiastic engineers aiming to bring technology and innovation closer which can serve humanity and make earth a better place for living.

DREAMERS dream of creating a place where interested individuals can interact with team members and work in an atmosphere where they can provide wings to their dream and let it fly higher and reach the zenith.

The team started with 8 students in 2012 and has become a startup of 14 members with more than 80 enthusiastic students getting benefitted.

“Best Young Innovators”
National Award for ‘Smart
Helmet’
a joint initiative of AICTE,
Department of Science &
Technology,
Govt. of India and CII
was held at IIT Delhi

The Challengers team is a competitive club that competes in various national and international level competitions. The team is run by students, which creates a dynamic group and enables students to gain experience in technical skills.

The broad range of experiences and intensity of life as Challengers help members to understand their full potential as engineers. By looking beyond our hilltop to the rest of the world, we are encouraged to work consciously towards the greatest dream we can envision.

Team challengers is a part of Robotic Club of Sahyadri College of Engineering and Management. Team having experience in various national level competition in fields of electronics and mechanical engineering is all set to take up an international challenge. Members are dedicated undergraduate students from various disciplines of engineering, passionate towards aerospace engineering and aeronautics. An endeavor to chase the new dimensions of engineering in the contemporary competitive world, crave kinetics of aeronautics. Team is one amongst 2 teams from Karnataka, with 75 teams from around the world which participated in SAE International Aero designEast which was held at Fort worth, Texas, USA.

“International Recognitions”

Team Challengers secured 7th Place in
Micro Class, SAE International
AeroDesign East at Florida, USA in 2017

Unique initiatives taken by the institute

Sahyadri Science Talent Hunt (SSTH) is an event to motivate the PU (10+2) students towards innovation and creativity with participants from across Karnataka, with over 400 student projects funded by the college management from 200 colleges and more than 10000 students.

Sahyadri Center for Social Innovation (SCSI) is to motivate the students in the area of Social Innovations thus providing hands on experience and practical exposure to solve socially relevant problems. With the problems growing in the society, the engineers should have solutions ready kits to solve those problems and thereby create an ideal environment to evolve.

Hand-on Experience Lab: It is built on the lines of “Make in India” concept where students are encouraged to pursue their ideas and innovate continuously. In order to bridge the gap between theory and technology, the college has initiated this lab. It is a full-fledged 24X7 technical workspace.

Student Project Support Scheme (SPSS): is mainly initiated to impart project based learning from Day one of Engineering. This scheme is driven by the concept of Project to Product on completion of engineering course, with funding support from the college management. Nearly 500-600 Projects under this scheme are being done by our students.

Innovation Center: To meet the new and existing market requirements, Innovation is the application to find better solutions. Similarly, students at the institute with innovative ideas and those who have the potential to move projects from research to development are encouraged in this platform provided. These innovative ideas are mentored and guided by the faculty members and industry personnel.

Incubation Centre: To further motivate and encourage the students, their innovative ideas, which are obtained by societal visits, are incubated at the incubation centre. These are further converted into products and are hand held by the industries that are well established at the campus.

Entrepreneurship Cell - E-Cell: The Sahyadri e-Cell aims to ignite the creative thinking of students towards innovation and thereby mentoring them to become successful entrepreneurs by providing the right entrepreneurial ecosystem.

Start-ups: The products materialize to be a start up. Many start-ups have been established at Sahyadri E-Cell by the students of the institute.

“Sahyadri is not just a center of studies it is a temple of learning.”

The following is the list of full fledged Companies set up in the campus which the institute hand holds till its phase of Maturity

Sahyadri Edu Dreamers R&D Pvt. Ltd.:

It provides a Technical Space with major resources to help the enthusiasts in converting their Ideas into Projects and further into a Product.

DTI Labz Pvt Ltd.: The goal is to design and develop electronic hardware products, providing continuous support from initial design concepts, through the prototype and pre-production stages.

Dream Soft Innovations (DSI) is an entrepreneurial venture with technocrats proficient in software technology. DSI has been continuously contributing in the verticals of software technology and redefining education with smart tech products.

RDL Technologies Pvt. Ltd.: Research Design Lab - continues to maintain product excellence and performance by introducing innovative cost effective solutions to cater the needs of industry and students who dream to innovate and excel in the field of Electronics and Engineering- thus supporting an array of domains in real time, providing solutions you can count on.

Aptra Technologies Pvt Ltd.: Aptra delivers ERP Software for Educational Institutions and comprehensive web services ranging from custom website design to development.

Caliper Engineering & Lab Pvt Ltd (CEL): It caters to high quality precision engineered components requirement concentrating on Aerospace Industry, Nuclear Power Projects, Defense Sector, Metro Projects and Industrial Valve Companies.

Sahyaware make it easy to get started and create more efficient project management software. Activities include visits to reputed firms in and around Mangaluru. Sahyaware team also conducts and facilitates trainings for staff and students.

Flotanomers: The company will mainly aim at producing RC planes, Quadcopters, Robotic machines, Nano-satellites and other space-related products are the future accomplishments. The services provided are Technical Training, Data Mining, Website developing..

“Sahyadri is not just a center of studies it is a temple of learning.”

"530 first year students of 2017 batch won the honours in 9 IIT's, 10 NIT's and 8 other premier Institutes in Project competitions"

BEST ROBOT DESIGNER

TEAM IGNIS TAKING IT TO THE NEXT LEVEL

"Believe you can and you're halfway there."

N.Mandela

Kshitij 2K18 witnessed some good robot designs this year, but robots of team Ignis were shining like a gem in the heap of stones. From Sahyadri College of Engineering and Management, Mangaluru team Ignis was the only first year team to be in top 10 position in any event. Dhanush M, Hritvik Patel, Abhilash Suvarna, Vikhyath Bhat and Shibani Pinto with skills of a goldsmith presented some brilliant robot designs in front of the organizers.

Never thought that a computer vision robot can fit in our pocket but team Ignis by making the smallest computer vision robot stunned the Robotix Society. Without leaving the line in the event Embatronix, robot of this team successfully cleared the maze and secured fifth rank among 125 teams. This robot was so small that it cleared the dimension limits by 60% margin.

By using high torque motors over high speed motors they cleared both the round of the Sand Rovers without even dropping a single granule of sand. With this smart move and excellent controlling skills they secured ninth position among 150 participants. Not only small robots this team deals with some big robotic structures as well in the event Arm of Achelous this team presented a giant robotic arm. They integrated the concept of hydraulics with rack and pinion mechanism which gave that big arm the required stability.

They answer all the counter questions of our event organizers so well that they all decided to entitle team Ignis with the Best Robot Designers ever participated in Kshitij. By scratching their dragon logo on every robots as a symbol of pride they won hearts of all the event heads. IIT Kharagpur always welcome creative mind like you, hope to see team Ignis enlightening Kshitij with their green flame next year.

ಸಹ್ಯಾದ್ರಿ ವಿದ್ಯಾರ್ಥಿಗಳಿಗೆ ಅತ್ಯುತ್ತಮ ತಾಂತ್ರಿಕ ಇನ್ನೊವೇಶನ್ ಪ್ರಶಸ್ತಿ
