Empowering Young Minds... for a Better Tomorrow

Graduation Day

Saturday, 13th August 2016

A graduation ceremony is a celebration that marks the completion of an education or vocational program. Celebrating the achievements of participants with a ceremony, certificates, and potentially a party, demonstrates that their hard work is recognized and valued. Graduation ceremonies are a time to honor progress, to be proud, and to be a launching point for next steps.

“ Stay focused
and committed
towards Goal ”

- Mr. Ghanshyam Dass

Senior Advisor, KPMG

Profile of Chief Guest: **Mr. Ghanshyam Dass** - Senior Advisor, KPMG

Mr. Ghanshyam Dass - Senior Advisor, KPMG has an outstanding career in domestic, International banking and capital markets for over 32 years. He has been assisting KPMG team in the region to develop and further strengthen core businesses, by maximizing business opportunities, optimizing market synergies and complementarities across industry sectors. He is also associated with The Braj Foundation as a trustee, NASDAQ OMX Group as a Senior Advisor, STJ Advisors LLP as a Special Advisor and FIG Consultants as Chairman. His previous stint includes Intel Capital, NASDAQ, Majan International Bank, British Bank of Middle East, HSBC Group, Wells Fargo Bank N.A. San

Francisco etc in various capacities. Mr Dass holds a graduation degree with honors in Economics from Delhi University and a post-graduation degree in Linguistics from Jawaharlal Nehru University, New Delhi.

“ Learn to
focus like
an eagle ”

The journey of life brings both challenges and chances. May you carry your spirit to snatch the chances and beat the challenges. Congratulations on your graduation. May you live a proud life.

Around the Sahyadri Campus

Ms Prajna A, the fourth rank holder in MBA receiving a Memento from Chief Guest

Highlights - Graduation Day Celebration MBA/MCA/MTECH student

Sahyadri College of Engineering & Management celebrated the Graduation Day and conferred degrees to MBA/MCA/MTECH students at Sahyadri Campus. Shri. Ghanshyam Dass - Senior Advisor, KPMG was the Chief Guest. In his inaugural address, he shared his college day experiences and was nostalgic about the entire ceremony. He told the students that they were fortunate to be part of such a great Institute as everything in the vicinity were very aptly and aesthetically designed to provide the best of education and learning environment. He

narrated his own life experiences to uphold the importance of teachers in lives of every student. He took great pride to know that Ms Prajna A, the fourth rank holder in MBA Examinations (VTU) was part of KPMG. He gave the example of Eagle and called upon the students to learn the art of living from Eagle. Its focus, willingness and farsightedness has to be imbibed by every person in their course of life. He advised students to stay focused and committed towards their goal and be rooted to their values and also be connected with their alma mater.

Keynote Address: Mr. Manjunath Bhandary

Mr. Manjunath Bhandary, Chairman, Bhandary Foundation, in his introductory remarks said that, no institute is built by Infrastructure or faculty, instead it is built by the students, and also he said that a student's success and failure is attached to college which plays vital role in upholding the image of the institute. He advised to the graduates to stand for values in which they have been trained at college and get noticed by the management. He concluded stating that the **world is very competitive; hence it is very essential to upgrade continuously, which helps one to survive.**

Prof. Umashankar, Dean Academics requested the Chief Guest to declare the Graduation Day open and it was followed by the distribution of certificates to the graduating students of MBA/MCA/MTECH. Dr Vishal Samartha, Prof Gorbhal and Prof Umashankar read the list of graduating students of respective departments. Two of the graduating students shared their experiences of the time they spent in the Campus and expressed their gratitude to their alma mater.

“ Sahyadri MBA is ranked 49 among the top 50 Private B-schools in South India Survey 2015 conducted by Week Magazine. ”

Ms. Prajna A was felicitated by the Chief Guest as she had bagged the fourth rank with 79.08% in the MBA Examinations conducted by Visvesvaraya Technical University, Belagavi. She has been recruited by KPMG through campus placement and currently is working as Associate.

“ Professors inspired and challenged us throughout this quest to help us achieve our goals ”

Dr. Vishal Samartha, Director, Department of Business administration welcomed the gathering and Dr. U. M. Bhushi, Principal concluded the ceremony by delivering the Vote of Thanks. Ms. Gayathri Shetty, Assistant Professor, Department of Business Administration was the Chief coordinator of the Graduation Day and Ms. Prajwala Preema Rodrigues, Assistant Professor, Department of Business Administration was the host at the event.

Experience Sharing by Students Ms. Marzina Nathasha

6 days a week, 11 weeks in a quarter, 3 quarters in a year, 2 years in Sahyadri College of Engineering & Management. Assuming that all holds true, that's 396 days, 396 wonderful days. From the first day of our fresher's orientation till today, we all have come a long way indeed.

Good morning everyone, I am Marzina Nathasha from MBA 2014-16 Batch. As proud & exhilarated as I am standing here today, I am also extremely grateful for having given this opportunity for sharing my experience with you all of my journey here at Sahyadri. In this two years I have learned so many things, explored new domains both academically & of life. Made so many new friends for life and also came to realization of my individual-self better. Overall the whole experience was wonderful, wouldn't trade it for anything. It saddens me knowing that this isn't coming back. Nevertheless, life here at Sahyadri will be cherished every second of my life. Every little encounter & experiences gained has been enriching & will remain within my memories for life long.

Every end has a new beginning, and it is most appropriate to say that our life in this world has actually begun now. When I came to Sahyadri, like many of you, I too was naïve. However, it didn't

take much long for me to realise how lucky I was. I had walked into in Institution of Geniuses. Our Chairman, Manjunath Bhandary, our beloved Principal, Dr Umesh M Bhushi, our Directors, Dr Vishal Samartha & Dr A P Achar & our ever supportive faculty members. Every day with you all has been a constant learning experience. Whatever we have done, achieved today, I know we all agree that none of us made it here entirely on our own. All the credit goes to you all. My fellow batch mates, all of you were so welcoming & helpful, that blending in never felt so easy.

I would love to end by saying, be proud Sahyadrians, be proud of every exam that you aced & every class you mastered. Be proud of the interviews you rocked & the internships you earned. Be proud of the beliefs you hold after two years here, but also of the beliefs that you were brave enough to let go. Mostly be proud of this day, Class of MBA 2014-16. Today we are Post-Graduates, tomorrow we are alumni, try to cease all the opportunities & continue to make our Institution proud. Possibilities are endless, as Buzz Lightyear would say "To Infinity & Beyond". Lastly congratulation to all my fellow mates including myself and wish you all a great future ahead. We are finally Post-Graduates.

Thank You.

Ms. Lolita Jane D'Souza

Good morning friends, faculties and my dear fellow graduates. I Lolita Jane D'Souza, of MBA 2014-16 batch, take this as an opportunity to share my experience at Sahyadri College of Engineering & Management. I'm going to start with a controversial opinion: I loved it here. I loved it here. But it wasn't always easy. It wasn't easy to read all those long books. It wasn't easy to learn all those long words. It wasn't easy to wake up for all those early classes. But Sahyadri College showed me that if it was something easy, it was probably boring. And if I wasn't being pushed, I was probably approaching it the wrong way. Here together we have emerged. We have emerged more read and more passionate than we had begun. We have emerged more confident and enthusiastic than we had begun. We have emerged the smartest we have ever been, the most engaged and the most creative.

Today I would like to bring you all a message of "Hope". A hope for today. A hope for tomorrow. A hope for the bright innovative future. This message of hope is dedicated to all my dear fellow graduates.

Two years ago our journey started at Sahyadri College of Engineering & Management. We were not let down. Our professors inspired and challenged us throughout this quest to help us achieve our goals. We worked hard to get where we are today. Together we made it through a stream of semesters, and here we are, down to this convocation day.

The time we spent is very less, but the memories are countless. Strangers to each other we walked in and hand in hand we walk out from here today.

Our college has thought us a lot of things.

- ∅ It has taught us to lose and also enjoy winning.
- ∅ Taught us to have faith in our own ideas and believe in one's selves.
- ∅ Taught us to be gentle with gentle people and tough enough to fight the world.
- ∅ It made us learned enough to step into the real world.

I would like to thank each and every member of this institute for giving us a chance every time when we let you down, believing in us and supporting us in everything we did and has helped in contributing to make a responsible person out of us.

As we walk out from here, the college walls bear the story of the most precious years of our life. Our hearts are filled with the best memories we could ever make. There were times we laughed, we cried, we screamed with joy. We participated as a team, won together, the feeling of victory, the excitement all these moments we've shared are just priceless.

We have reached a turning point, where some of us will get into jobs and some will continue their education. Whichever avenue we choose to pursue, we must remember that there are challenges to face, rewards to gain and opportunities to encounter. But we are not alone; we are all in this journey together. We know we can achieve our dreams

The feeling of having wonderful people around us is very beautiful. But the pain of moving away from them is even greater.

- ∅ To all those who touched our lives, I say thank you.
- ∅ To Parents who stood by us, no matter what.
- ∅ To professors who tried to instil in us a passion for learning.
- ∅ To administrators who tried to make our college experience as amazing as possible.
- ∅ To advisors who helped us to guide our career path.
- ∅ To friends who were there for parties, study sessions and everything in between.

Without you, without each other, there was no purpose for being here, no chance to advance.

A beautiful day comes to an end with hugs once again and promises to keep in touch. Thanks to all the loving and kind people I met at Sahyadri, each and every lecturers and friends of mine, who helped me to make memories that will last a lifetime. Thank you all from the bottom of my heart..

Wishing all of you'll a successful and happy life ahead

Ineration with DTLabz

Mr. Ghanshyam Dass, Senior Advisor KPMG was escorted around the length and breadth of the college. He was mesmerized by the artistic design of the infrastructure and was amazed at the far sightedness of the Chairman for creating such a magnanimous learning environment with the blend of traditional architecture. Mr Dass met the team Dreamers and had brief interaction with them. Dreamer's team presented a glimpse of their venture and their future plans. Mr Dass applauded the creativity and innovativeness of the students.

“ You are brilliant, able and ambitious. You shall always walk the glory road. I bless you with all that you need to earn many more achievements and feats in life ahead. Congratulations and well done. ”

Mr. Ghanshyam Dass

- Senior Advisor, KPMG

Learn to focus like an eagle, students told

TIMES NEWS NETWORK

Mangaluru: Sahyadri College of Engineering and Management celebrated Graduation Day and conferred degrees to MBA/MCA/MTech students at Sahyadri campus.

Ghanshyam Dass, senior adviser, KPMG, who was the chief guest, shared his college day experiences. He narrated his own life experiences to uphold the importance of teachers in the lives of every student. He took great pride to inform that Prajna A, a fourth rank holder in MBA Examinations (VTU) was a part of KPMG.

GRADUATION DAY

He gave the example of eagle and called on the students to learn the art of living from that bird. "Its focus, willingness and far-sightedness have to be imbibed by every person in their course of life. He advised the students to stay focused and committed towards their goal and be rooted to their values and also be connected with their alma mater.

Manjunath Bhandary, chairman, Bhandary Foundation, in his
