Training, Placement and Career Guidance Cell

Motto - To ensure that every student leaves the portal of the college with the desired offer in hand.

Training, Placement and Career Guidance Cell of the institute acts as an interface between the campus and the corporate world, creating an active liaison between academia and industry. We invite companies to recruit competent candidates from campus to suitable positions in the industry. The cell provides opportunities for students by conducting campus drives and off campus drives for the students, who have completed their course. It also actively takes part in providing internship opportunities to the students and higher education. Various learning sessions are conducted for students to improve their technical and aptitude knowledge. Students are guided by faculties

or external experts in understanding the various career opportunities available.

Despite the pandemic, the Training, Placement and Career Guidance Cell is well geared up to face the new normal. We have necessitated an instant shift to complete Virtual Recruitment Process.

Placements at Sahyadri has broken records year after year. With over 165 companies visiting and offering 710+ offers with the highest Company offering 40 Lakh/Annum. We had overseas offers from Japan, over 50 students were selected with packages ranging from 21 to 23Lakh/Annum.

Training, Placement and Career Guidance Cell

Sahyadri College provides extensive learning to help students get into their dream job. The college has partnered with the best training institutes across the country to provide the best of aptitude, technical, soft skill and group discussion sessions to help them crack the company recruitment process.

To get placed in a company, students are tested on the following:

- Marks – to determine eligibility
- Aptitude – General and Technical
- Group Discussion
- Technical Interview
- HR Interview.

How do we nurture competent engineers?

First Year Engineering

- **Placement Orientation and Awareness:** Placement Orientation and Awareness on various rounds like Aptitude, Group Discussion, Technical round, and Human Resource round involved in the recruitment process. Highlights on project based learning, appearing for different competitive exams, need of internships and certification courses.
- **Soft Skill Session:** Various sessions on soft skills, effective resume writing, building interpersonal relations, strong communication skills, SWOT analysis and email etiquettes.
- **level 1 Aptitude Training:** level 1 Aptitude training to build basic logical reasoning and quantitative ability that aids in laying a foundation to a higher level of Aptitude.

Second Year Engineering

- **Level 2 Aptitude Training:** Level 2 Aptitude training to crack internships and prepare for placements in collaboration with ReferenceGlobe, recognized as the best platform by top universities across India and Aptimitra by Ethuns. Aptitude is part of the regular curriculum monitored by the placement faculties to ensure students practice regularly like any other subject.
- **Industry-Academia Collaboration:** We have Interactive sessions with the Industry experts guiding and creating awareness on the latest developments in the industry and orienting them towards their choice of profession. We have regular interactions with various organizations including Indian Army, Indian Navy, Merchant Navy, Infosys, IBM, TCS, Wipro, Japan based Companies.

The MOU signed between Training, Placement and Career Guidance Cell at Sahyadri and Technical Career Education Pvt. Ltd. (TCE) has created a platform that facilitated the interaction between academia and industry for internship and placements.

Third Year Engineering

- **Aptitude and Technical Training:** Technical training by 10 SECONDS is conducted through its huge resource pool of trainers/consultants with vast experience in real time as well as corporate training on the skill sets ranging from Information Technology to level 3 Aptitude. Various workshops are conducted (short term and long terms) to enhance the skill sets.
- **Internships:** Internships to the students is provided in various organizations based on their interests to enhance their professional competence and be industry ready. We provide internship opportunities in companies like Infosys, Rakuten, Wipro, TCS to name a few. We also cater paid internships extending to final year students.

Fourth Year Engineering

- **Campus Recruitment Drives:** Access to Campus Recruitment drives, we offer opportunities in over 160 Companies of repute.
- **Company Specific Training:** This is a unique feature of the training provided to the students at Campus. The training aims to concentrate on the topics covered by top 10 Product and Service companies that visit our Campus every year. The training is designed to emphasize on certain topics such as Quantitative, Logical Reasoning and Verbal Ability specific to Companies.
- **Higher Studies:** Counselling, group workshops, classes and one-on-one sessions on Higher studies. Sahyadri's Training Placement & Career Guidance (TPCG) Cell has signed a Memorandum of Understanding (MOU) with various global leaders in international education services and they offer opportunities for higher education in different countries.
- **Opportunities/Placement in Japan:** Sahyadri has initiated the beginners course on Japanese Language program (Nihongo) & introduction to the Japanese Culture. The classes are conducted by faculties from both India and Japan. We have tied up with Business Consulting and Knowledge Management organizations headquartered in Nagasaki to facilitate joint programs for professional excellence hence providing high paid jobs at reputed organizations in Japan.
- **Alumni Interaction:** Alumni mentoring students in their areas of expertise to enhance their professional competence and be industry ready.
