SAHYADRI
 COLLEGE OF ENGINEERING & MANAGEMENT
 MANGALORE

May Lord Balaji bless you all !!!

Dr. A. V. Ramana Deekshitulu
Pradhana Archaka of Tirupathi Tirumala Temple visits Sahyadri

“ Balaji tells us that there is a power greater than human power. When a devotee steps into the temple, he can feel this power emanating from Balaji's own self-manifested image. Through time, so many Sages and Seers have come here to worship this God. The spiritual vibrations of these great souls remain here. They are so strong that anyone can feel them. When we personally feel this permanent spiritual bliss of Balaji, we do not need to be told that the physical plane is not permanent . We know this truth as a fact that requires no proof. ”

- Dr. A. V. Ramana Deekshitulu
Pradhana Archaka, Tirupathi Tirumala Temple

Dr. A. V. Ramana Dikshitulu is the Pradhana Archak (Head Priest) at the Tirupathi Tirumala Balaji temple. He is deeply respected by his peers for honoring his family Vedic tradition. Dr. Ramana holds a doctorate in Molecular Biology and is an inimitable authority on the "Agamas", the crucially important Vedic scriptures. Hinduism Today's Rajiv Malik had the rare opportunity to interview this distinguished Vedic Priest . Dr. Ramana talks about the "Agamas", the heritage of his forefathers and why he and his sons chose to honor their family tradition.

Receiving the Guest by Dr. Manjunath Bhandary , Chairman, Sahyadri Educational Institutions, Dr. U. M. Bhushi, Principal Sahyadri College of Engineering & Management , Prof. Balaskrishna, HoD, Mechanical Engineering and Dean Planing and Development and also other Management personnel.

A Walk around the Campus

Principal Welcoming Dr. A. V. Ramana Deekshitulu

Felicitating Dr. A. V. Ramana Deekshitulu

Dr. A. V. Ramana Deekshitulu, Pradhana Archaka, Tirumathi Tirumala Temple, an eminent personality visited the Campus and blessed and guided the management and faculty fraternity. Dr. A. V. Ramana Deekshitulu is a scientist with a doctorate in Molecular Biology and has had various opportunities to interact with eminent scientists world-wide.

Highlights

- The ability of Deekshitulu is to converse with God heart to heart.
- Purpose of education is to give back to the society and appreciate the development of technology.
- He enriched the audience with message of Lord Krishna to perform our duties without any expectations so that we can remain calm in any situations of our life and stated that our destiny is predetermined so we have to live without worrying about our past and future.

A Token of Gratitude

Dr. A. V. Ramana Deekshitulu

Introduction by Dr. Manjunath Bhandary

Dr. Manjunath Bhandary, Chairman, gave an introductory note with a briefing about his long term association with Dr. A. V. Ramana Deekshitulu, Pradhana Archaka, Tirupathi Tirumala Temple and the ability of Deekshitulu to converse with God heart to heart.

Dr. A. V. Ramana Deekshitulu addressed the Sahyadri family and shared his vast knowledge and experience. He explained that the purpose of education is to give back to the society and appreciated the development of technology. He stressed on the importance of ozone layer and its protection from global warming. He requested to protect the mother earth. He explained the existence of God in a scientific way and briefed the importance of Veda, Upanishad, Yajna and chanting of mantras.

Interaction with Sahyadri Family

He explained that the purpose of education is to give back to the society and appreciated the development of technology.

Q & A Session

Dr. U. M. Bhushi
B.E., M.Tech. Ph.D.(IIT-K)
Principal

Q How do you keep yourself calm, smiling and energetic all through the day, even in your walking steps we feel that Budhha walking as a normal tread of your steps. While most of us loose patience quickly and tension has become the norm of life. Your comments and advice to all of us?

A Everything is pre determined. We have to enjoy the present rather than worrying about the past and future. When you are in present, you are conscious of your movements and actions then work flows like river even amidst all your so called problems it takes a turn and finds way out and moves ahead. Enjoy the moment and smile pervades automatically.

Q Now there is a debate on superstition and belief. Some people protest performing pooja or havan in government places. But great scientists like Dr. Abdul Kalam and others believe in God. Your opinion on this, since you are also a scientist?

A Irrespective of religion and country, from Leonardo Da Vinci, Galileo to many present day scientists have believed and accepted the existence of some super natural power, the power which created the universe, created the creatures and material world around us. This super natural power exists everywhere, in every creature including human being. We must appreciate and give due credits to this super natural power. Many renowned scientists and learned people regularly visit Thirumala to offer prayers to Balaji. You believe in God, have trust in God then you can have dialogue with God.

Prof .S. S. Balakrishna
B.E.(Mech.), M.Tech. (IIT-K), (Ph.D)
Head, Professor & Dean - Administration

Dr. Vishal Samartha
M.Com., MHRM., M.Phil, SLET, Ph. D)
Asst. Prof.-SG

Q The younger generation of today has been swayed by the worldly pleasures of life and are going far from God. As parents and teachers what should be our role in shaping our children's spiritual life?

A Swamiji said the present day generation is much more smarter than we anticipated. When we were young we blindly followed what our parents and elders told us, but this is not the scene now. The present generation has grown with an environment where they do not blindly follow things. They question, counter question and when they are clarified with their doubts they follow what is told. He asked the parents to be thorough with the scriptures and be ready to answer the questions posed by their children.

Q How to be more productive in professional life?

A Keep your plans updated with the technology in order to reach the goals. This is especially important if you contribute to shaping your organization's strategy. You'll earn the trust and respect of the people around you.

Mrs. Sushma V
B.Com., M.Com.
Asst. Prof.-SG

Moments of Admiration

Dr. A. V. Ramana Deekshitulu, Pradhana Archaka, Tirupathi Tirumala Temple honoured Dr. Manjunath Bhandary, Chariman, Sahyadri Educational Institutions, Mangalore. A team from the Thrupathi Temple, Trustees of Bhandary Foundation, Dr. U. M. Bhushi, Principal, Sahyadri College of Engineering & Management, faculty members, staff and students were present on the occasion.

Dr. Deekshitulu enriched the audience with message of lord Krishna to perform duties without any expectations so that one remains calm in any situation of life and stated that one's destiny is predetermined so one has to live without worrying about the past and the future. Dr. U. M. Bhushi, Principal gave the Vote of Thanks to the gathering.

Vishwa Tuluvare Parba-2014

The Vishwa Tuluvare Parba-2014 was held with pomp and grandeur in the Sahyadri campus. The event was organized by the Akhila Bharata Tulu Okutta to mark its 25th year in collaboration with Karnataka Tulu Sahitya Academy.

Dharmasthala Dharmadikari Dr. D. Veerendra Heggade and chief priest of Tirupati Venkataramana Temple, Dr. A. V. Ramana Deekshitulu inaugurated the Vishwa Tuluvare Parba. In his address, Ramana Deekshitulu said, "Tulu language will survive, grow and develop till the sun and the moon last. The rich culture and language handed down to us by our ancestors should be protected and further developed. Vishwa Tuluvare is an occasion to celebrate and to protect the language and culture of this land for the future generation."

Include Tulu in eighth schedule of Constitution: Heggade

'Communal harmony is the strength of Tuluvas'

MANGALURU: Dharmasthala Dharmadhikari and Vishwa Tuluvere Parba Honorary President D Veerendra Heggade has urged the government to include Tulu in the eighth Schedule of the Indian constitution.

Speaking at the Vishwa Tuluvere Parba 2014, a three-day Tulu language and cultural fest, at Sahyadri College in Adyar here on Friday, he said that UNESCO in its report has said that Tulu language is on the verge of extinct. The conferences like Vishwa Tulu Parba will help in the growth of the language.

On ban on Kambala, he said in the name of belief animals are slaughtered in several temples in the state. Compared to the violence involved in it, there is less violence in Kambala, he said.

Dharmasthala Dharmadhikari and Vishwa Tuluvere Parba Honorary President D Veerendra Heggade and Tirupati Venkaramana Temple chief priest Ramana Deekshith inaugurate Vishwa Tuluvere Parba 2014, at Sahyadri College of Engineering and Management premises in Adyar on Friday. DH PHOTOS

working outside the country have contributed to the welfare of their motherland. They have helped in the renovation of temples and daivasthanas in the region.

In his inaugural speech, Tirupati Venkaramana Temple chief priest Ramana Deekshith said that it is the duty of younger generation to protect and develop Tulu language and pass on the culture to the future generation. MLA Mohiuddin Bava also spoke.

Young artist Chitramitra drew a picture of Veerendra Heggade's face during the speech of Vishwa Tuluvere Parba Convenor B Jayakara Shetty Indrali.

Sahyadri Institutions President Manjunath Bhandary, Mayor Mahabala Marla, Karnataka Tulu Sahitya Academy President M Janaki Brahmavara, Vishwa Tuluvere Par-

harmony is the strength of Tuluvas. The communal harmony is the strength of Tuluvas. The communal harmony is the strength of Tuluvas. The communal harmony is the strength of Tuluvas.

Mangaluru: Union government has assured of taking all measures to include Tulu language into the Eighth Schedule of the Indian Constitution, said Dharmasthala Dharmadhikari D Veerendra Heggade.

Addressing the gathering at the Vishwa Tuluvere Parba organised to mark the silver jubilee celebration of Akhila Bharata Tulu Okkoota in association with Karnataka Tulu Sahitya Academy on the premises of Sahyadri College in Adyar on Friday, he said literary works in Tulu language were very less in number and that was one reason for failing to convince the government about the prominence of Tulu. "There is some technical problem for inclusion of Tulu language into the Eighth Schedule of the Constitution. We have to wait for a few more years. Until Venkataraja Pusinchayya found the script of Tulu language, most of us were unaware about the richness of Tulu language. After this, more work was done by Tulu writers and it helped to put forth demand for recognition for our language," he said.

He noted that now people feel very proud to speak in Tulu. It is the result of Vishwa Tulu conference which was first held at Ujire in 2009. "The people in Tulu Nadu are always hard working and they excel in any field through their honest behaviour and sincerity. Those who opt to live outside of Tulu Nadu should not forget our rich culture and tradition and should contribute to the motherland and mother tongue," Heggade stressed.

Vishwa Tuluvera Parba 2014 Off To A Low-Key Start

TIMES NEWS NETWORK

Mangaluru: Vishwa Tuluvera Parba 2014, a three-day global Tulu convention, commenced on a subdued note at Sahyadri College, Adyar, here on Friday.

Barring a few stalls, the exhibition and cultural festival on the first day turned out to be more commercial compared to the previous festival held in Ujire in 2009.

Speaking at the inaugural ceremony, Sri Kshetra Dharmasthala Dharmadhikari, D Veerendra Heggade, said that issues related to Tulu Nadu, including Nethravathi river

LET THE SHOW BEGIN: Dharmadhikari D Veerendra Heggade (left), explains the items used in 'Bhutha Kola (spiritual worship)' during the inauguration ceremony on Friday

diversion. Inclusion of Tulu language in Schedule VIII of the Constitution and ban on Kambala will be discussed with chief minister Siddaramaiah, who will be a guest at the festival on Sunday. "Tulu will never face extinction as predicted by the UNESCO. The language will

be more powerful if it has been accorded with the government recognition. We are lucky to have many people's representatives from our region in state and Central government, who will make their best effort to clear technical roadblocks for the inclusion of Tulu," said Heggade.

Guest A V Ramana Dikshithulu, pradhana archak of Tirumala Tirupati Temple, said that Tulu language and culture have the capacity to grow more.

Meanwhile, South Indian film star, Sunan, said, "Being a Tuluva, I will be happy to be a part of the festival and will be ready to act in Tulu movies," he added.
