## ASHWIN ECLIPSES LILLEE, FASTEST TO 250 TEST SCALPS

Off-spinner surpasses Australian great during the ongoing one-off Test against Bangladesh in Hyderabad on Sunday

### GOOD DAY FOR INDIAN CRICKET

Ashwin's landmark in 45 Tests (84 Innings), three fewer than Lillee, was the icing on the cake on a day when India beat Pakistan to win T20 World Cup for Blind. Coach Anil Kumble was the previous fastest Indian to this feat – he took 55 matches to reach 250 wickets.

REPORT:P12

### INDIA 7 WICKETS AWAY FROM VICTORY

- Chasing 459, Bangladesh are 103/3 after the fourth day's play. India need another seven wickets to win the match
- The highlight of the fourth day's play was an unbeaten 58-ball 54-run knock by Cheteshwar Pujara
- Bangla batsman Mashfiqur Rahim scored 127 off 262 balls

## Coast clear for aeromodelling

Sahyadri College's event 'Aerophilia' has opened avenues for aviation courses, finds M Raghu ram

The coast is witnessing a revolution of sorts in educational tourism, it is in fact becoming more competitive and attractive for the youth who aspire to pursue an education in technical fields in the colleges on the coast.

Till recently the coast was not open to Aviation engineering and designing, but Sahyadri Engineering College has opened the horizons, by holding an aeromodelling event 'Aerophilia' which has attained national level attention.

As many as 400 students coming from all over the country thronged the picturesque Sahyadri college campus in Mangaluru with their aeromodels.

"Usually students do not give much

importance to these Aeronautics and Robotics courses as it requires a lot of patience and concentration on the subject during the initial period of study, but after Aerophilia, they are keen on pursuing a career in aviation technology" the chairman of the college board Manjunath Bhandary told *Edex*. "However there is a long way to go," he adds.

The airshow performed by Abdullah Ghasem Salehnezhad Morafi, an employee at Dubai Customs has provided a huge learning experience in fields like mathematics, history, arts, graphics and science.

The event also attracted the nation's aero modelling enthusiasts to the city. Apart from aeromodelling, there was another exciting surprise

An aeromodel in motion, during the airshow

### A STEP FORWARD

As many 400 students coming from schools and technical education institutions across the country thronged the Sahyadri campus to take part in the aeromodelling contest

— the drone race at the campus which enthralled the audience.

Technical talks were also delivered by the chief guests at the programme on the importance of RC modelling, the various career paths available and the importance of aero modelling in the development of the nation.

Students from across the country display their aeromodels

Aerophilia witnessed a convergence of experts from the aviation, IT, mechanical and even law graduates from various national and international universities had participated.

A flight lieutenant professor who is currently working in Goa Engineering College Prof B R Kulkarni, Software Solution Provider for FAB Labs in USA Rajanikanth Shastri, ISRO Scientist C J Jagadeesa, Wing Commander from Indian Air force P C Pant BARC scientist Prof B N Kar-kera were some to mention.
