AICTE wants to promote engg books by Indians

Prakash Kumar

NEW DELHI, DHNS: The All India Council for Technical Education (AICTE) has moved in to promote academic books authored by Indian scholars in various engineering disciplines.

This comes months after the technical education regulator rolled out a revised curriculum for technical education programmes.

In its latest communication, the AICTE has asked higher education institutions to consider "impressing upon" their faculty members and students to refer to engineering books authored by Indians and published in India.
