Sahyadri inks MoU with US varsity

TIMES NEWS NETWORK

Mangaluru: Sahyadri College of Engineering and Management has taken a step towards enhancing quality education and skill development by signing an MoU with USA's foremost education centre—Florida International University (FIU).

This MoU will enable the institution to get access to advanced deep-dive technology content in machine learning, big data and analytics, cloud computing and cyber security, stated a release.

The MoU will aim at assisting both students and faculty to collaborate with experts at FIU in learning, project, industry and further education.
