Placement and Career Guidance Cell

In the realm of academic achievement and career advancement, the year 2023 has brought forth a shining beacon of success for our Engineering students. We are delighted to unveil the exceptional placement record achieved by the 2023 batch. We had over 240+ companies and 710 offers. This success story would not be complete without acknowledging the pivotal role by the companies providing us the opportunities.

August witnessed a remarkable influx of opportunities, with more than eleven esteemed companies extending their offers to our talented graduates. Our unwavering commitment to providing excellent career opportunities for our students remains at the core of our mission. While we bask in the glory of our 2023 batch's accomplishments, we are already preparing with great anticipation for the upcoming 2024 Batch Placements.

NivHack 2023' Unleashes Innovation Hackathon at Sahyadri

In a celebration of innovation and ingenuity, the prestigious 'NivHack 2023' event by Niveus Solutions, Mangalore unfolded at Sahyadri on August 26th and 27th, 2023. With seven dynamic teams hailing from Sahyadri, the 24-hour hackathon proved to be a riveting platform for creativity, fueled by the boundless possibilities of Google cloud resources.

The hackathon revolved around problem statements aligned with three pivotal themes: Banking (Finance), Health, and Transportation Logistics. Participants were tasked to address real-world challenges in these domains.

Distinguished guest speakers graced the occasion, enriching participants with their expertise. Mr. Sunil Iyengar, from Google Cloud Data & AI Sales, and Mr. Rajath Pandith, representing Google Cloud Customer Engineering, captivated the audience with their enlightening insights on the forefront of AI and Cloud technologies. Among the highlights of the event, Sahyadri achieved a remarkable feat by securing the 'Highest Number of Participants' award, which came with a well-deserved prize of Rs. 10,000. This achievement underscored the institution's commitment to fostering student engagement and participation.

The 'Best Team Efforts' award, accompanied by a cash prize of Rs. 10,000, was bestowed upon Team Cloud Cargo, comprising Ananya P, Karthik SK, and Abhijith Mallya. The excitement continued as Team Arjun Bhandari, Shreejesh Ballal, Adithya Iyer, and Leonard clinched the 3rd place award, accompanied by a substantial prize of Rs. 25,000. Their remarkable utilization of Cloud Technology further earned them the coveted 'Most Use of Cloud Technology' award; accompanied by a recognition prize of Rs. 10,000.

99Games visited Sahyadri

99Games visited Sahyadri on 1st Sept '2023 to conduct a workshop for the 4th Year Computer Science and Information Science Engineering students on the topic – 'Gaming as a Career'. The students will get to interact with their Game Developers and Leadership team to understand first-hand what goes behind the scenes in developing world class freemium games, like their flagship game Star Chef 2, and get an opportunity to build one themselves in the half day workshop. The participants will not only get an opportunity to get hands-on learning, a certificate of participation but also an opportunity to earn an internship with them that may lead to a full-time work opportunity in the future.

99 Games is India's leading Developer and Publisher of games of international standards for Global & Indian consumers. They are a super-indie studio that develops and publishes free-to-play games. Their singular goal is to build mobile games that people love to play.
