8 Case Study [Compulsory]

The 'Mayo clinic' is the first and largest integrated not-for-profit medical practice group in the world. It has built one of the most powerful services brands on its firmly held brand beliefs and its relentless forces on the patient experience. Two interrelated core values that trace back to the clinic's founders, William and Charles Mayo, over a century ago are at the heart of the organization does : placing the patient's interests above all others, and practicing team work. Every aspect of the patient experience is considered. From public exam rooms to laboratory, Mayo facilities have been designed so that, in the words of the architects of one of the buildings "patients feel a little better before they see their doctors". The 20 story Gonda building in Rochester, Minnesota, has spectacular wide open spaces, and the lobby of the Mayo clinic hospital in Scottsdale, Arizona, has an indoor waterfall and a wall of windows overlooking mountains. In pediatric exam rooms, resuscitation equipment is hidden behind a large cheery picture. The rooms feature microwave ovens and chairs that really do convert to beds, one of the staff member explained "People don't come to the hospital alone".

Questions :

- a. How Mayo clinic highlights the service quality by applying the marketing mix of services. (10 Marks)
- b. Identify the positive factors that influence the customer perception of services. (10 Marks)
