Manjunath Bhandary, M.Phil., Ph.D.

Manjunath Bhandary is a born leader, visionary, entrepreneur, politician and educationist. His dynamic leadership brings about much needed social reforms through education to empower individuals to become the backbone of an enterprising, productive society. He took up Mechanical Engineering, and later he chose to enhance his knowledge in the social and political arena, by studying M.A. and M.Phil. in Political Science; shaping his outlook - a rare blend of being a technocrat and a social activist. He has the distinction of being awarded the Doctoral Degree - Ph.D. in Political Science for his thesis titled "Women's Participation in the Panchayat Raj."

His novel thoughts add a new dimension to the world of education

Manjunath Bhandary

is an Visionary, Entrepreneur and Educationist

Manjunath Bhandary, founder of the Bhandary Foundation ®, is a visionary par excellence and a dynamic leader who has taken on the cause of the social reforms through education as he believes that education has the power to transform the individual as well as the society.

A born leader, his skills were honed in the early student days of school and college and opened up vast avenues for him to be recognized as a leader and there by counted among the youth as a youth icon on the global platform.

Having attended number of conferences, seminars and workshops round the globe, he had gained deep insights in to the academic as well as socio-economic layers of the civil society, which brought him laurels across the world on various platforms.

Prestigious Eisenhower Fellowship Award

He had been a part of the youth delegations and took part in various programs around the globe. He was invited by the American Council of Young Political Leaders - ACYPL to participate in Youth Exchange Programmes, during which time he was witness to the terrorists attack on the Pentagon in 9/11.

He received the prestigious Eisenhower Fellowship from the Eisenhower Foundation, Philadelphia, U.S.A., in the year 2004.

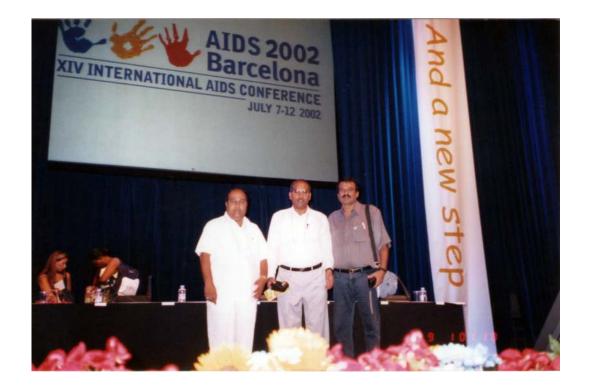

He was also invited as a special Guest of Honour for the Indian Independent Day parade held in New York in the year 2006, along with high profile dignitaries from both U.S and India.

Having deep concern for the poor, rural populace and the weaker sections of the society, he evinced keen interest in

several socio-economic projects, proposing viable alternatives and monitoring effective implementation. His vision and entrepreneurial ability had paid off very well in the social empowerment projects.

HIV and Drug Addiction World Conference at Barcelona

Manjunath Bhandary attended world conference on HIV and Drug addiction at Barcelona. Present in this conference were Mr. Bill Clinton, Late Dr. Nelson Mandela, and Late Sri I.K.Gujral. Mr. Bhandary was deeply moved by the heart wrenching experience shared by on HIV infected speaker from Africa. Then he decided to start a movement to educate and spread awareness about HIV / AIDs among the people especially the young generation of India.

Common Service Centers (CSCs) - Rajiv Vikas Kendra

He was instrumental in the government's ambitious rural welfare scheme called CSCs (Common Service Centers). He proposed a project "Rajiv Vikas Kendra" to the Govt. of India through Hon'ble Congress President Smt. Sonia Gandhi, and same forwarded to Prime Minister Mr. Manmohan Singh to which envisaged providing employment to 10 million rural youth. This proposal was accepted and approved by the Union Cabinet.

Conducting Free Medical Aid Camps in Rural Areas

Providing free education to orphans and to the financially weaker sections.

Manjunath Bhandary is a staunch educationist. His love for education transcends all boundaries. He strongly believes that educating the youth and the young minds will greatly influence the future of our nation. It is with this vision he is working towards the development and welfare of rural children. He strongly believes that the rural youth should not be deprived of educational facilities. In this direction, he has been constantly working in the districts of Shimoga and Dakshina Kannada, among the economically weaker, destitute, differently- abled children, and provide them good education. He has provided a ray hope for these children by providing free books and free education.

Achievements in Social Sectors HIV / AIDS Awareness Programme

Mr. Bhandary established Bhandary Foundation, under the banner of which he conducted innumerable seminars, camps, workshops along the length and breadth of our country and also actively participated and delivered speeches in International Forums. Dec. 1st is celebrated as a day of HIV / AIDS awareness day across the world. This day is an important red letter day in creating the awareness about AIDS. It was in 1987, the first HIV / AIDS awareness day was celebrated under the aegis of WHO. Then from 1988 onwards the day of Dec 1st has become HIV/AIDS awareness day. Even the United Nations has issued proclamation in this regard.

Indira Jyothi

He is the Chief Architect behind the introduction of INDIRA JYOTHI Programme which was proposed to Karnataka Government to provide LPG CONNECTION to people below poverty level and the same was included in the 2004 State financial year Budget, by the Hon'ble Chief Minister Sri S.M. Krishna. This scheme is appreciated in the floor of Karnataka legislative assembly.

About Bhandary Foundation

The genesis of Bhandary Foundation in 2002 under the visionary leadership of Manjunath Bhandary, was dedicated to the cause of social justice, social development through education, and uplifting the less fortunate sections of the society. The Foundation, believes in the holistic development of the individual through project based learning and research based thinking.

Bhandary Foundation focuses on the process of sharpening the skills and talents of young minds who will be the enterprising future architects of our nation. With the development of modern, state-of-the-art, yet aesthetic infrastructure, the Foundation encourages not only basic training but also advanced learning facilities and research in various fields.

Today, "Sahyadri" has created new benchmarks in the field of education by providing a cohesive environment for learning. With its total commitment to values, quality and integrity, and inspiring leadership, Bhandary Foundation has laid the cornerstone for institutions of national eminence through "Sahyadri College of Engineering & Management" the academic renaissance that is taking place in Sahyadri Campus at Adyar, Mangaluru.

Bhandary Foundation is continuously working towards up-liftment of down trodden people of India through education, social commitments, social justice and development under various schemes. The Foundation believes in providing support and encouragement to the weak and down trodden people, there by empowering them with newer opportunities for individual development.

SAHYADRI COLLEGE OF ENGINEERING & MANAGEMENT MANGALURU

The College is affiliated to Visvesvaraya Technological University, Belgaum and is approved by the Government of Karnataka, All India Council of Technical Education - AICTE, New Delhi, Ministry of HRD, Govt. of India and certified by IAO and ISO.

To a great extent, the success of the College must be credited to the excellent academic results year after year. The institute constantly strives to adopt

and improve the teaching methods which vary from the mundane. The College is unique and is one among the few who can take pride in having a dedicated department for researching, analyzing and developing effective methods of imparting quality education. The College is ranked 90th in the Top Private Engineering Colleges in India research survey by The Week Magazine and Hansa 2016.

The College is unique and is one among the few who can take pride in having a dedicated department for research, analyzing and developing effective methods of imparting quality education. The high quality teaching offered at Sahyadri is well complemented by the state-of-the-art infrastructure and modern facilities like Govt. Research Center, Incubation, Placement & Training Center, Sahyadri Center for Social Innovation which includes Handson Experience Lab, Life Science Lab, Innovation Lab, and Product Design Lab. Sahyadri has started an Entrepreneurship Cell to ignite the creative thinking of students towards innovation and thereby mentor them to become successful entrepreneurs by providing the right entrepreneurial ecosystem.

Academic Activities Scientific Conference at IIIT- Allhabad

Mr. Manjunath Bhandary, Chairman, Bhandary Foundation inaugurating Students Centre at IIIT-A along with Nobel Laureate Prof. Douglass D Osheroff and Dr. N. D. Tiwari, Director, IIIT-Allahabad during 2nd Science Conclave held between 8 and 14 Dec, 2009.

Being an important part of the academic activities, this conference ended with a valedictory function truly significant of the scientific temper, with thought provoking contributions from the Nobel awardees, on the areas of fundamental research and its contribution in applying them to the implementation process.

This un paralleled scientific convention had broken barriers among the spectrum of scientific thinkers and young minds in sharing and effectively interacting on a universal thinking on a single platform, bringing in a new outlook and new thought process amongst the participants.

The meaningful yet thought provoking discussions on science and research inspired scientists and gratified the curiosity and scientific questioning in the participants.

Dr. Manjunath Bhandary conferred with Eminent Engineer of the year Award 2016 by The Institution of Engineers (India)

Manjunath Bhandary, Chairman of Bhandary foundation, is awarded for his meritorious services in the field of Education and social activities on the 49th Engineers day celebration, by The Institution of Engineers (India) Karnataka State Centre, Banglaore in the august presence of renowned Engineers, Scientists from DRDO, IISc, NAL, VSSC and many practicing and retired Engineers. This is an annual flagship event of Institution of Engineers where they recognize the contribution of Engineers in various allied fields.

He addressed on the theme of "Skill development for Young Engineers to reform the core Sector: Vision 2025". Our Engineering education should cater to address the social issues. Since we cannot foresee the expectations in 2025, but skills can be nurtured to meet any dynamic challenges. He focused on how the intellectual capital of Premier Institute like IISc, IIT, NIT is not directly impacting the society due to brain drain, despite huge investments on them. Every act of learning should collate to prepare students as Practicing Engineers. He remembered the versatile traits of Sir MV and wished if everyone treads his footsteps it would be a different world. He expressed that award belonged every stakeholders of Sahyadri, in the form of students, staff, Industry personnel who have mentored students.

The Institution of Engineers (India) is the pioneer body to introduce, starting from 1928, non-formal engineering education programme, successful completion of which is recognized as equivalent to a degree in engineering by the Government of India, the Union Public Service Commission, the State Governments and many Public / Private Sector organizations in the country.

FORTY-NINTH ENGINEERS' DAY

(To Commemorate the 156th Birth Anniversary of Bharat Ratna Dr. Sir M. Visvesvaraya)

CITATION

This Citation is presented to Dr. Manjunath Bhandary for his meritorious service in Engineering Education on the occasion of the Forty-Ninth Engineers' Day Celebration on Friday, 14 October, 2016.

Dr. Manjunath Bhandary is a born leader, visionary, entrepreneur, politician and an educationist. He graduated in Mechanical Engineering and later chose to enhance his knowledge in the social and political arena by studying M.A. and M.Phil in Political Science, shaping his outlook – a rare blend of being a technocrat and a social activist. He has the distinction of being awarded the Doctoral Degree in Political Science for his thesis titled "Women's Participation in the Panchayat Raj".

He was one of the architects of the ambitious rural welfare scheme called CSCs (Common Service Centres) of Govt. of India which resulted in the creation of 10 million jobs for rural youth under the project "Rajiv Vikas Kendra" with a total project outlay of Rs. 5743 Crores.

A born leader, his skills were honed in the early student days of school and college and opened up vast avenues for him to be recognized as a leader and thereby counted among the youth as a youth icon on the global platform. His relentless service in the realm of youth and social empowerment saw fruition when he was awarded the prestigious Eisenhower Fellowship from the Eisenhower Foundation, Philadelphia, USA, headed by the American President, George HW Bush.

As an young and upcoming political leader, he was invited by several countries to interact with global leaders as an integral part of Global Youth Exchange Programmes. He has visited more than 60 countries, having attended a number of Conferences, Seminars and Workshops which brought him laurels across the world on various platforms.

Deeply moved by the appeals of world leaders about the need for education among the youth and lower strata of society, he decided to dedicate his resources and expertise to the cause of upliftment of society and took a firm foot in this direction by establishing "Bhandary Foundation" which has come a long way in a short span of a decade, to become an enterprising entity in the global education. He is the Founder Chairman of "Bhandary Foundation" which encompasses Educational Institutions under the name, "Sahyadri". With its total commitment to values, quality and integrity and inspiring leadership, Bhandary Foundation has laid the cornerstone for Institutions of national eminence through, "Sahyadri Educational Institutions".

The Chairman, Honorary Secretary and Members of Karnataka State Centre Committee of the Institution of Engineers (India) are extremely pleased to convey their fraternal felicitations to Dr. Manjunath Bhandary for his outstanding contribution to the profession and society and wish him many more years of professional accomplishments which will inspire the younger generation to emulate him and strive for attaining success in their professional career.
