## About Sahyadri Whiz-Quiz

-The making of the Manager

Department of Business Administration of Sahyadri College of Engineering & Management organized "Sahyadri Whiz Quiz' a quiz competition. This event is for undergraduates to create a fun-filled atmosphere for learning and acquiring General knowledge about current events in business world. This Concept is the brainchild of Dr. Manjunath Bhandary, Chairman of Sahyadri Group of Institutions. This program was conducted with an objective of motivating the youth to update themselves with the latest developments in the areas of Business, Political System, Marketing, Human resource, Finance and Indian Economy.

The program is designed in two phases - College round and Sahyadri Campus round. College round of the quiz was conducted during the month of Feb 2018 and selected 46 colleges in the district of Mangalore, Udupi, Coorg and Kasaragod. Teams consisting of 3 members' from final year graduate students are eligible to participate in the college round. Around 9000 students participated in the first round of quiz out of which 940 students are selected for final round of quiz held on 09th March at Sahyadri campus.

Sahyadri College of Engineering & Management, Mangalore has been taking initiation to groom the students not just in the engineering or masters courses but also in the overall development of the student community.

### Objectives

1. To initiate a learning process and the updated trends
2. Learning through fun
3. To reach out to a larger student community.

## Message from the President

Mr. Manjunath Bhandary, M.Phil., Ph.D.

To be conscious that you are ignorant is a great step in knowledge. You need to plant knowledge when you are young because it gives shade when you are old. We strongly believe that the hope of the nation rests on the education of the youth. We need to sculpt their character to bring out the champions in them.

Sahyadri Whiz Quiz was an initiative to teach them how to think rather than what to think. I am proud of the success of the last edition and eagerly looking forward for this year's edition, where the youth will show their dreams rather than tell them. The future of the youth is as bright as their faith which I believe is stronger than their fear. I wish the Whiz Quiz team all the very best.

## Message from the Principal

Dr. Umesh M. Bushi

Knowledge comes from learning, wisdom comes from living. With this idea, we launched Sahyadri Whiz Quiz where we aspired to provide a platform for the youth that would inspire them to be thankful for what they have and work hard for what they don't have. It's an initiative where youth sometimes win and sometimes learn. We believe that we have the intelligence to ask the right questions and we have faith in youth to give us the right answer. Our aim is to separate knowledge from the illusion of knowledge. I urge the youth to do what others wont so that tomorrow they can do what others cant. We want them to stop fearing what could go wrong and start having faith in what could go right. I take pride in my team for how far they have come and have faith in how far they can go. I wish the team good luck.

With courage you will dare to take risks, have the strength to be compassionate, and the wisdom to be humble. Courage is the foundation of integrity.

-Mark Twain

## Message from the MBA Director

Difficult roads leads us to beautiful destinations. We had this in mind as we designed the Whiz Quiz 4.0. Our aim was to let the youth discover that they are their only limits. The youth imagined with all their might, believed with all their heart and achieved with all their might. They had to be persistent to get it and consistent to keep it. I thank our students for this wonderful event who worked tirelessly round the clock. I believe this edition of Sahyadri Whiz Quiz will be bigger and better. I thank my team who put pleasure in their job and perfection in their work. All the best.

Dr. Vishal Samartha

## Message from the Whiz-Quiz Co-ordinator

General knowledge helps us to grow both on personal and academic level. We live in an unpredictable world and we all need to stay aware and vigilant. An individual who is well aware with general affairs is called an intellectual. It is a sign of an educated and intelligent being. General awareness also helps to grow one's confidence level. With this basic premise, we have designed “Sahyadri Whiz Quiz” whereby we aim to bring together bright minds from across the region on a common and challenging knowledge platform, promoting innovative and out –of the box thinking. As a Chief Coordinator, I thank the earnest efforts of all my colleagues and my dear students who have helped and worked relentlessly in putting up this mega event with thorough professionalism and commitment.

It was great moment for our college to host the Whiz Quiz competition organized by Sahyadri College of Engineering and Management at our campus. Being a Government College in a rural area, initially we had our own apprehensions on whether it will reach our students the way it should and also, will the purpose of organizing this event be served ? But to our surprise, there was an overwhelming response from our students and was very well appreciated by them.

Moreover the competition was well planned and executed by the faculty and their team of students. I just want to put our thanks in writing to the organizers for choosing Govt. First Grade College, Haleyangadi as one of the colleges for this event and for the noble task of giving an opportunity to our rural students, not only to participate but also providing them a learning experience through interaction with the students of Sahyadri college.

**ROSHNI YESHAWANTH**
Govt. First Grade College, Haleyangadi

The whiz quiz competition is very good program for the students. It helps the students to improve their general knowledge level. In our St Philomena college, it is conducted since last five years. It is conducted very systematically in the respective college by the staff and students of MBA of Sahyadri college. The final round conducted at Sahyadri campus is very systematic. Compliments to the Director, Faculty and student of MBA of Sahyadri College.

**Maxim Carl**
St. Philomena College, Puttur

I require a session for the students on soft skills, how could we boost the level of confidence.

**Vidhya S nayak**
Sharada College, Mangaluru

Overall program management was good. Proud to see that there are more than 50 colleges with 1000 above students, hope the same continues further.

**Shreya B**
SDM College,Ujire

It was great pleasure to be here. Nice college and wonderful arrangement .

**Bhagyashree,**

# UNION AND STATE BUDGET-2018

The Government of India presented the Budget in the Parliament on 1st of February,2018, by the Honourable Finance Minister, Mr. Arun Jaitley.

Karnataka State presented its Budget proposals on 16th of February, in Vidhan Soudha, by the Honourable Chief Minister, Mr. Siddaramiah who is holding the Finance Portfolio.

The process of preparing a budget plan is cumbersome and it requires the co-operation of all the concerned ministries, co-ordination of the staff at the Finance Ministry, Opinion of the industry people, voice of the poor staying in rural areas, collection of statistics with regard to revenue and expenditure, etc. As the exercise relates to Management it has been decided to have a presentation of Union Budget proposals made by the Honourable Finance Minister in the Parliament and the State Budget in Vidhana Soudha.

The presentation and discussion on Union budget with the experts creates awareness about the budget amongst the students. In view of the above, three resource persons were made to share their views with the students. students were divided into group of four and were asked make a presentation in the class in front of the lecturers. Based on the performance twenty four students were selected and made into groups of three and were given the sectors for discussion on Union Budget and State Budget.

## PANEL DISCUSSION ON UNION AND STATE BUDGET

Presentation & Discussion on "Union Budget & State Budget - 2018" was organized by the Department of Business Administration. This programme analyzed the positive pushes of the government guided by the mission to strengthen agriculture, rural development, health, education, employment, industry and infrastructure sectors. The major thrust area of the budget was to achieve over 8 % growth as manufacturing, services and exports back on good growth path. The budgetsession started with a formal inauguration. During the Inaugural Ceremony, Dr. Vishal Samartha, Director – MBA welcomed the gathering and stated that it was a platform for knowledge sharing wherein the financial information is converted to wisdom. She gave a brief glimpse of the college and elaborated on the basic premise behind organizing the Budget presentation by the First year MBA students.

The programme was conducted in two sessions. The first session was dedicated to Union Budgetand the second session was on State Budget. 1st Year MBA students presented the "Union Budget& State Budget - 2018" covering distinct sectors viz. Education, Health Care & Social Welfare Programmes, Agriculture & Rural Development, Infrastructure & MSME. The panel consisted of subject experts - Dr. Radhakrishna Shetty, Head, Dept. of Economics, Sri Mahaveera College, Moodbidri, Mr. M N Pai, Chartered Accountant & Prof. Banu Prakash, Professor of Commerce, SDM College, Ujire who shared their views and added insights to the budget presentation.

During the deliberation Mr. M N Pai shared his view point on the current budget & also spoke on the hits & misses in various sectors. Dr. Radhakrishna specifically spoke on rural economy and agriculture. He said that the current budget is having a long term vision and the concentration was on Education, Health & Rural areas. He commented that the budget does not give focus on total infrastructure development of agriculture but has confined itself only to few specific areas of agriculture only. He appreciated the digitalization of agro marketing but he says it is still unreachable to the illiterate and ignorant small farmers. He concluded by saying that Government has to frame permanent solutions for agro related problems. Prof. Banu Prakash spoke on Education & Health sectors. He stated that the current budget was above average & can be rated at 90 on a scale of 100. He enumerated on the various schemes in both the sectors and applauded the effort of the government for concentrating on grass root level problems.
