1. PREAMBLE

Motivated by the desire to build a strong base for practical problem solving and hands on skills amongst the students, the Chairman of Sahyadri College of Engineering & Management, Dr. Manjunath Bhandary initiated the Sahyadri Project Support Scheme (SPSS). Through this scheme, the department of Projects and Funding provides financial and academic support for engineering student projects.

The SPSS scheme is the novel paradigm and first of its kind amongst technological universities in India created by Sahyadri College of Engineering & Management. While most of the engineering projects in the engineering colleges and universities are generally conducted as academic final year projects or club projects, SPSS is quite different wherein students execute non-academic engineering projects for the sake of engineering and not obtaining academic scores.

"SPSS Project scheme is an initiative to create interaction amongst the students and improve their analytical thinking abilities to apply engineering concepts in real world. Here at Sahyadri, We not only want the students to acquire only theoretical knowledge but also practical hands-on skills where they are fully involved in engineering."

Dr .Manjunath Bhandary

Chairman, Bhandary Foundation

"SPSS Project is an initiative to get hands-on experience for students in application of engineering concepts"

Dr.U.M. Bhushi

Principal, Sahyadri College of Engineering & Management

"Project based learning is the latest trend in outcome based education and SPSS is one of the novel approaches to combine cognitive analytical skills with psychomotor skills in engineering."

Dr.Rathishchandra.R.Gatti

SPSS-Head, Sahyadri College of Engineering & Management

2. SUMMARY

SPSS commenced in July 2015 and ended in Tech Vision Program April 30, 2016.

HIGHLIGHTS OF SPSS 2015-16

Total 370 SPSS Projects were sanctioned with the sanctioned amount of Rs. 17, 55,000/-

The actual projects completed were 233 Projects, with total project expenses of Rs,6,59,272/-

HIGHLIGHTS OF TECH VISION 2016

The SPSS team conducted Tech Vision 2016 where the expenses were around Rs. 2,32,500/-

The SPSS exhibition of projects took place at the Tech Vision program, which was held at Sahyadri College Campus in April 30, 2016.

HIGHLIGHTS OF SRISHTI ABVP 2016

Srishti 2016, A state level project exhibition was held during 6th, 7th and 8th of May, 2016 at CMRIT, Bangalore. The SPSS Team coordinated the registration as well as provided travel support to the aspiring students. The travel and registration fees amounted to **Rs. 1, 49,000/-** which was sponsored by the SCEM Management. Totally, **63 students** participated in this event and **won 8 prizes** at State level competing with around 200 colleges of Karnataka.

TOTAL EXPENDITURE FOR THE SPSS ACTIVITIES FOR 2015-16

SPSS Activities	Expenditure
SPSS Projects	6,59,272
Tech Vision 2016	2,32,500
Srishti ABVP 2016	1,49,000
Total	10,30,772

3. SPSS PROCESS FOR 2015-16

3.1 THE PROCESS FLOW

Pro	ject Phase	Particulars	Documents Needed
1	SPSS project proposal	SPSS student group fill the SPSS project proposal. The project proposal is formulated according to the project themes. (see project theme sheet attached)	SPSS project proposal
2	SPSS review 1	The SPSS review committee will review all the applications against review 1 criteria and approve/disapprove the project.	Review1 criteria form
3	First installment release	1st installment is released to accepted SPSS projects to start. An email is sent to the selected project group students.	Letter of project acceptance and 1st Installment.
	Students will work on the project scope, project schedule, project idea, ar review and project budget. They are free to buy things from the first installed they are confident of getting reimbursed from 2 nd and 3 rd installment. Acc purchases made is mandatory. For more details consult the SPSS team. Reproject presentation template and SPSS Initial report template in Section 6		
4	SPSS project initial report	SPSS student group will present their project (PPT) + SPSS project initial report to their view committee.	SPSS project initial report presentation template, SPSS initial report template
5	SPSS review 2	The SPSS review committee will review all the applications against review 2 criteria form and approve/disapprove the project.	Review 2 criteria form
6	Second installment release	2 nd installment is released to these SPSS students to start the project. An email is sent to the selected project group students.	Letter of 2 nd installment

7	SPSS Project final report	Students will now work towards the completion of their project. They will publish at least one conference paper before project report 3. Publication draft to be uploaded with SPSS project report 2. They will also present their project to the review committee. They can use the SPSS project completion template for presentation	SPSS project final report presentation template, SPSS final report template
8	SPSS Project review 3	The SPSS review committee will review all the applications against review 3 criteria form and approve/disapprove the project	SPSS project final report presentation template,
9	Third installment release	3 rd installment is released to these SPSS students after the project is completed and presented in techvision 2016 (part of eximus fest 2016). An email is sent to these elected project group students. In the email they are also requested to collect the participation certificates.	Letter of 3 rd Installment Certificate of Participation
10	Sahyadri Innovations channel video recording	Project guide and project team members of SPSS projects will present their project	
11	Techvision participation	SPSS student groups will demonstrate their project ,project poster in TechVision 2016	Certificate of Participation

3.2 SPSS RULES AND GUIDELINES

3.2.1 SPSS STUDENT ELIGIBILITY RULES

- 1. SPSS project is mandatory for all students. Students should have
 - (I) Good academic record of 65% and above, (ii) No active backlog to undertake an SPSS projects.
- 2. Students can work on SPSS project only before 08.45 am and after 05.00 pm and Saturday after 01.00 pm.

<u>SPSS 2015-16</u> REPORT

- 3. Students should agree that they will not be absent for their classes or go late to the classes in the pretext of SPSS activities. Attendance in the pretext of SPSS will not be signed by any faculty.
- 4. Students should return the projects and the supporting materials purchased to the SPSS office after displaying their projects in TechVision.

3.2.2 SPSS FUNDING RULES

- 1. The project team should NOT change the topic of the project after the project has been sponsored by SPSS and should not deviate from the objectives of the sanctioned proposal. In the event of any such changes, sponsoring will be treated as cancelled and the team should return the sanctioned amount to the college.
- 2. Project funding (amount and release date) is given strictly according to the funding installment schedule.
- 3. The SPSS project fund is the seed money for the students to get started with the project. In addition to the seed money, students are free to invest their own money to the project or can approach sponsors, companies, investors only after filling the sponsorship approval form approved by the principal.
- 4. Students should undertake only those projects with the project costs not exceeding the total of seed money and their own investment.
- 5. Students should not approach the management or faculty for additional funding.
- 6. Students should withdraw cash from the cheque issued at the earliest but not later than 2 months before the cheque loses its validity.
- 7. The SPSS fund is meant only for the purchase of project items and does not include costs such as publishing fees for papers, training fees etc.
- 8. Proper accounting of vouchers, bills, cash receipts have to be strictly followed.

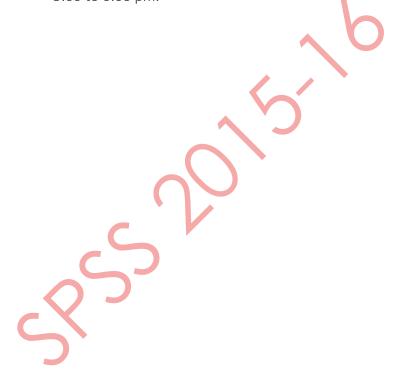

3.2.3 SPSS INTELLECTUAL PROPERTY RULES
